Web:www.bcamcnc.com / www.bcamlaser.com

E-mail:admin@bcamcnc.com

Add: B2, Huachuang Science and Technology Industrial Park, Qihe County, Dezhou City, Shandong Province, China.

Marketing Center: No.102, Building 22, Tangye Academician Valley, Licheng District, Jinan City, Shandong Province, China.

Intelligent high-end CNC 5 Axis Machine manufacturer

Introduction

About BCAM
company culture
Global enterprise
Enterprise quality and service

Product

CE-5 Axis CNC Router
D-5 Axis(Single table) CNC Router
D-5 Axis(Double table) CNC Router
DL-5 Axis CNC Router
DL-5 Axis CNC Router Ground track
F-5 Axis PTP CNC Router

Overseas warehouse

We have overseas warehouses in four countries: UAE, UK, FRA, OMAN

Service

After - Sales And Service
Cutting Samples

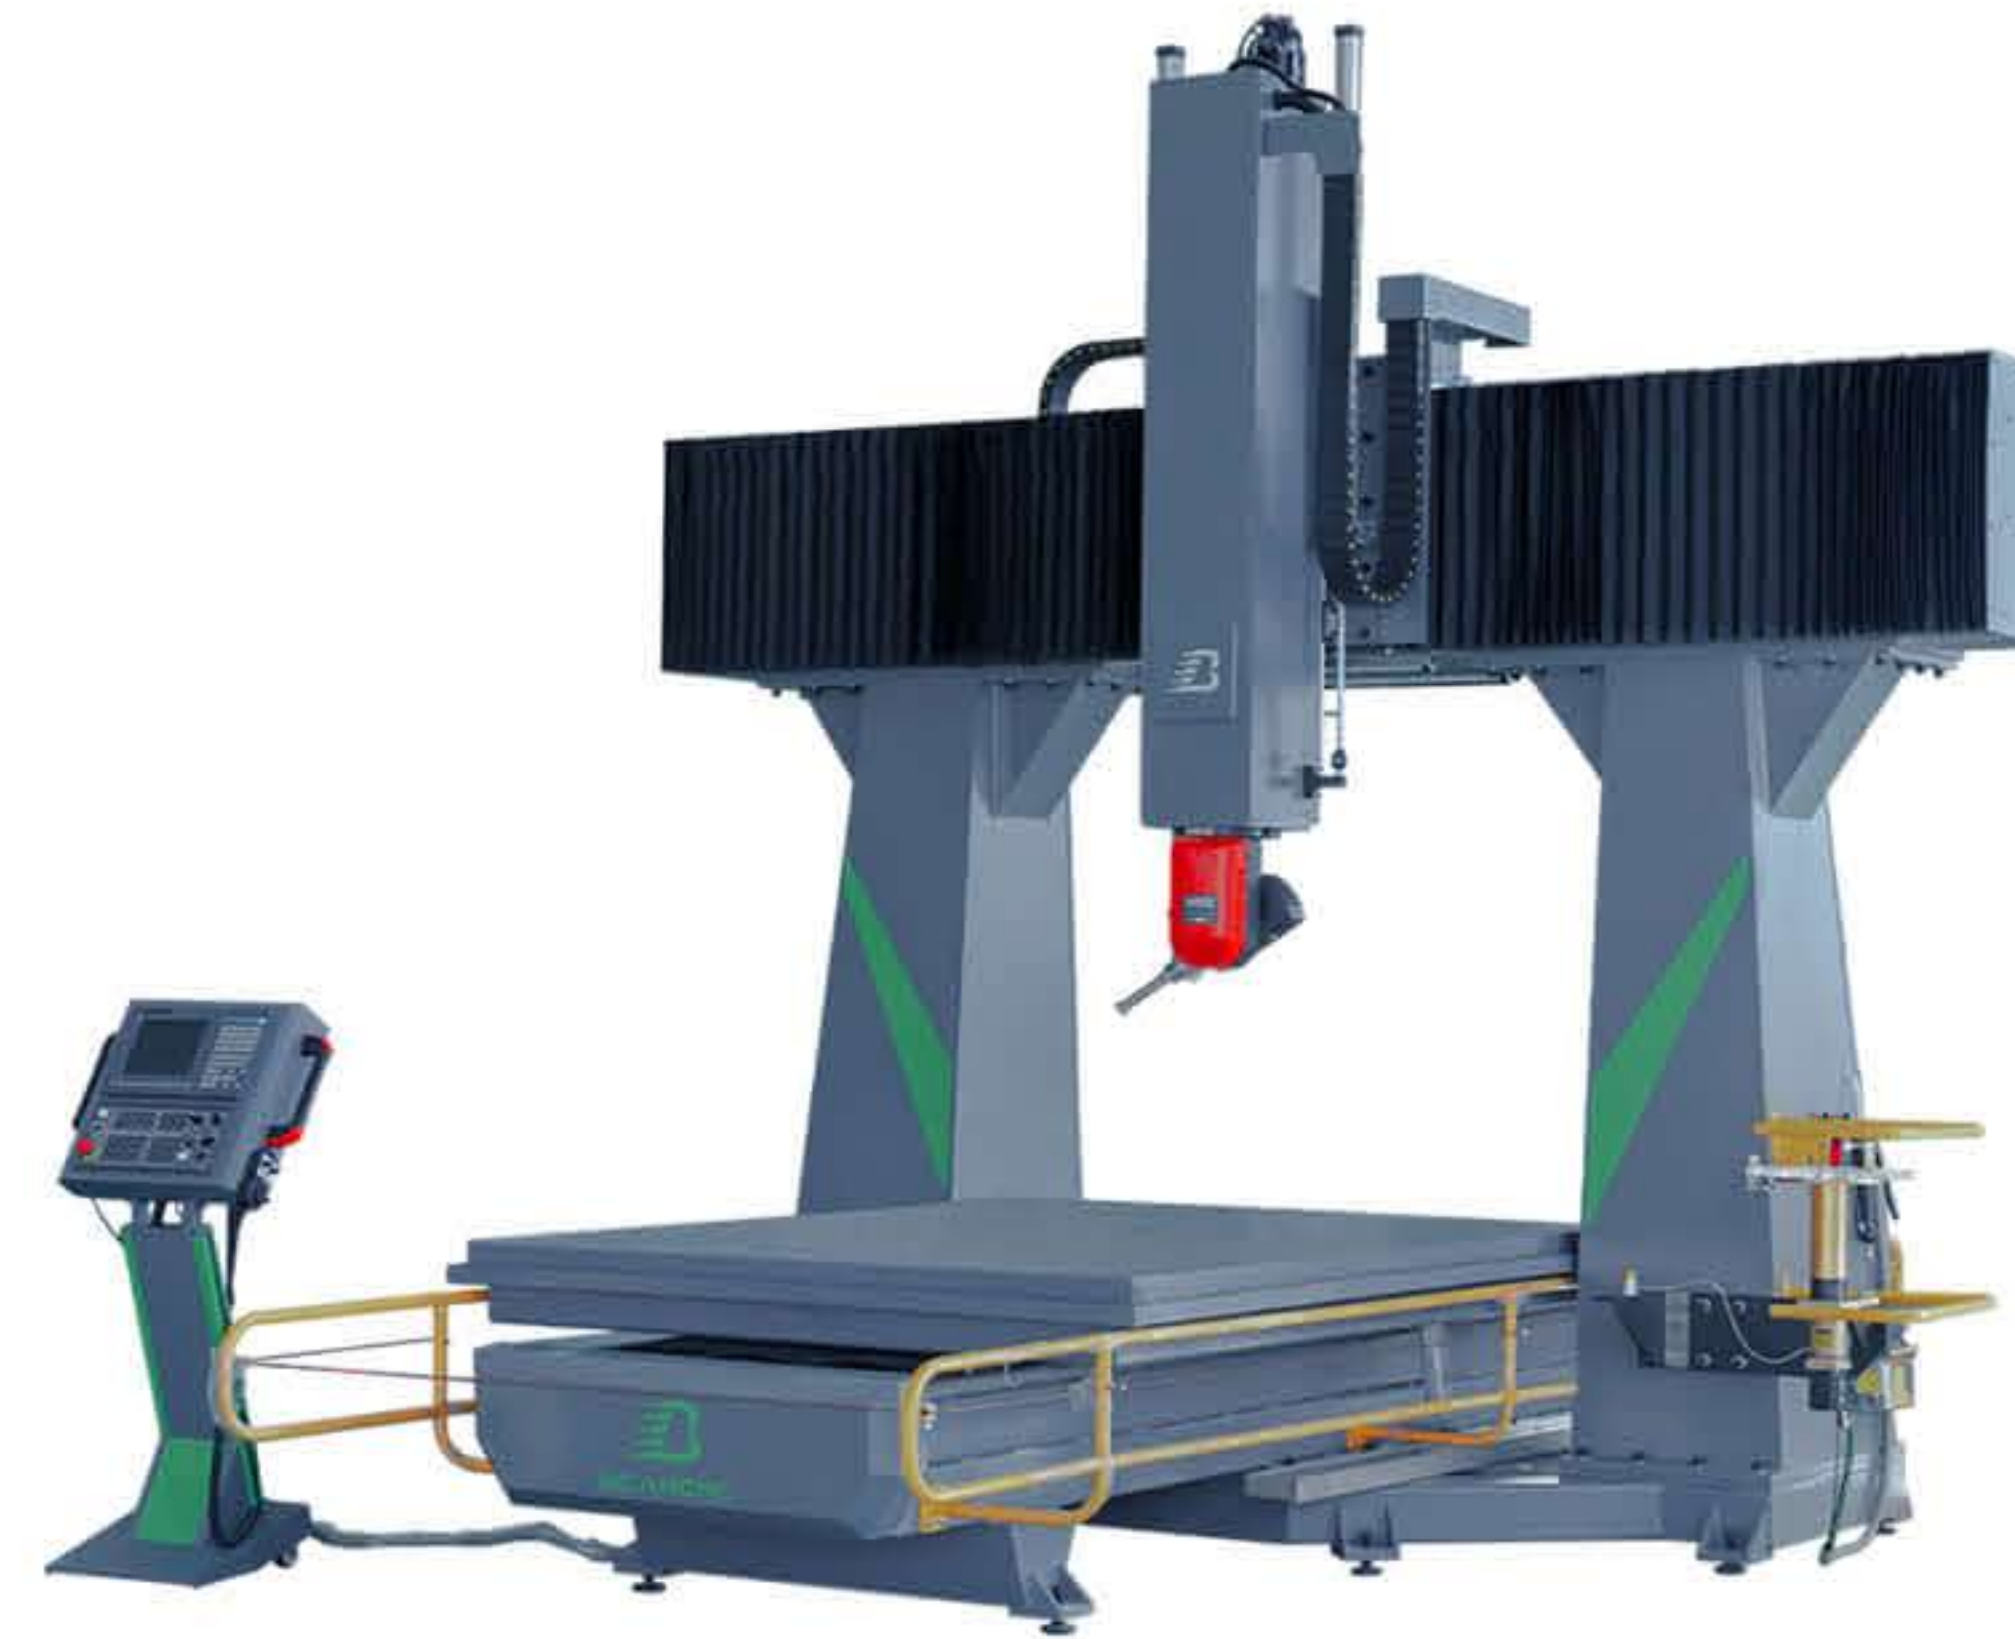

CE-5 AXIS

BCM1325CE-5Axis
BCM1530CE-5Axis
BCM2030CE-5Axis
BCM2040CE-5Axis

D-5 AXIS (Single table)

BCM1325D-5Axis(Single table)
BCM1530D-5Axis(Single table)
BCM2030D-5Axis(Single table)

D-5 AXIS (Double table)

BCM1325D-5Axis(Double table)
BCM1530D-5Axis(Double table)
BCM2030D-5Axis(Double table)

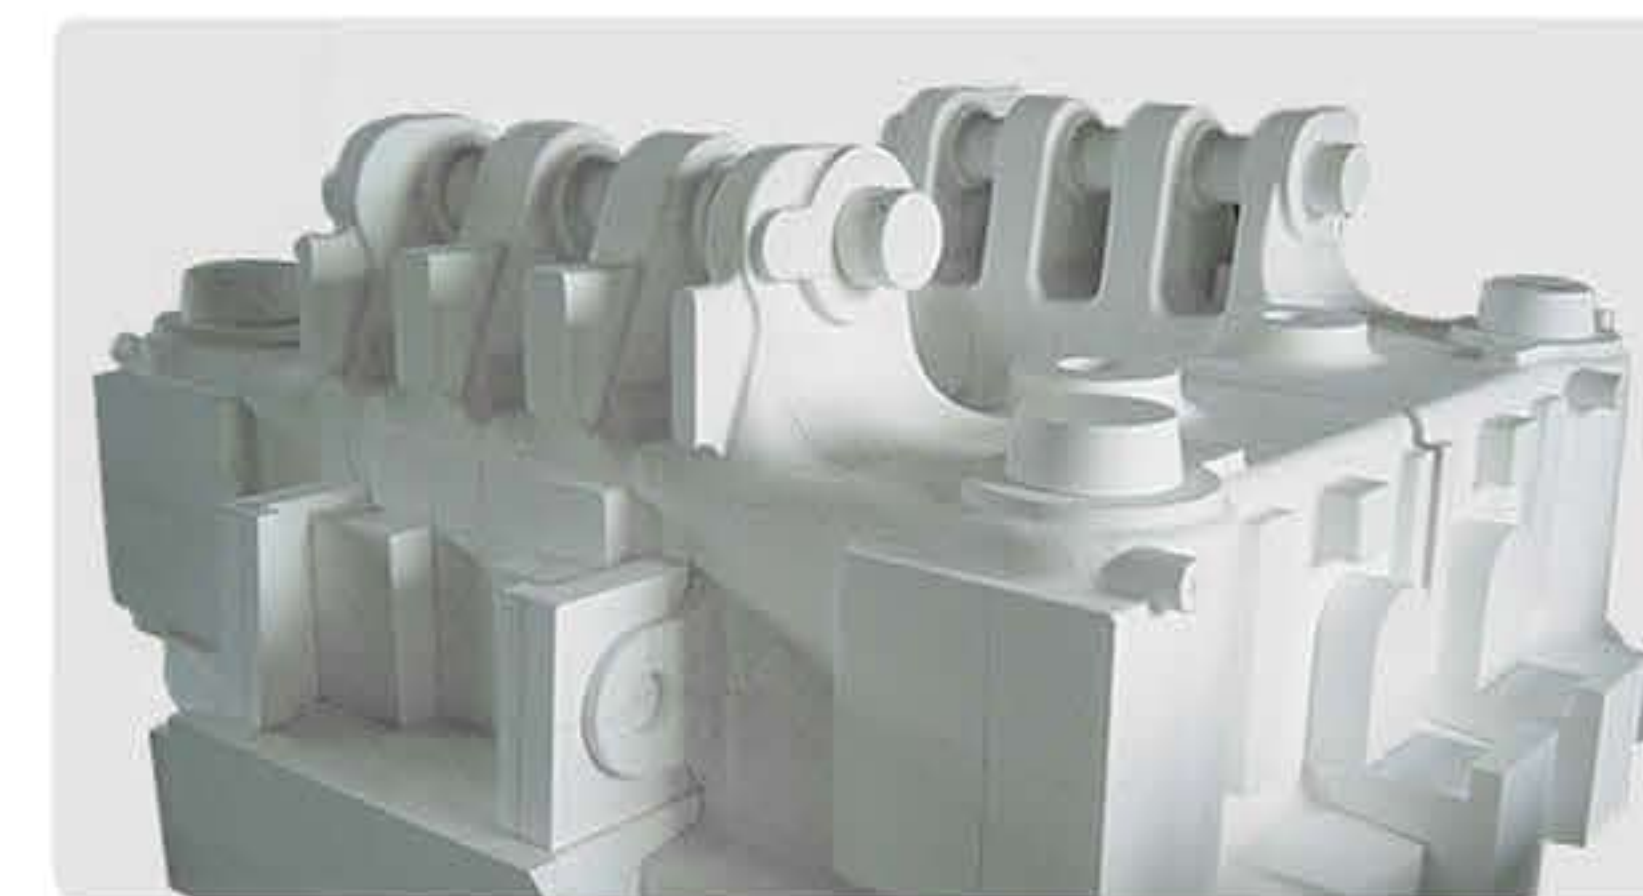

DL-5 AXIS

BCM2550DL-5Axis
BCM3020DL-5Axis
BCM40100DL-5Axis

DL-5 AXIS

BCM2550DL-5Axis
BCM3020DL-5Axis
BCM40100DL-5Axis

F-5 AXIS

BCM1325F-5Axis
BCM1631F-5Axis
BCM2030F-5Axis

► TARGET, MISSION AND VALUE

■ Target

As a manufacturer of CNC and artificial intelligence equipment with world-class.

■ MISSION

Manufacture high degree quality products to customer with competitive price and achieve 100% customer satisfaction

■ VALUE

Customer-centric, teamwork, R&D technology, attention to detail, continuous improvement

15+ Years Experice
of CNC Machine

30 Countres Field
Service Records

5000+ Customers

BCAMCNC Established Dubai, Germany, UK, WAREHOUSE (Sales&Service Certer)

Serving the world
Serving every customer

— Futher is now

► EXHIBITION CASES

▶ AFTER-SALES CASE

COMPANY CERTIFICATION

► ENTERPRISE QUALITY AND SERVICE

■ Based on independent industries

create the frontier of science and technology
focus on R&D and production, and insist on innovation.

■ World Brand

Products are sold in 150+ countries and regions and
have overseas warehouses in four countries

■ Quality inspection

The production line is strictly monitored to ensure the
quality and performance of each machine

■ Excellent industrial design

20 years of experience in industrial design team,focusing
on the research and development of each series of products.

■ Serve the world

There are after-sales maintenance points in many countries,
and service personnel provide 24 hours and 12 languages
global technical services.

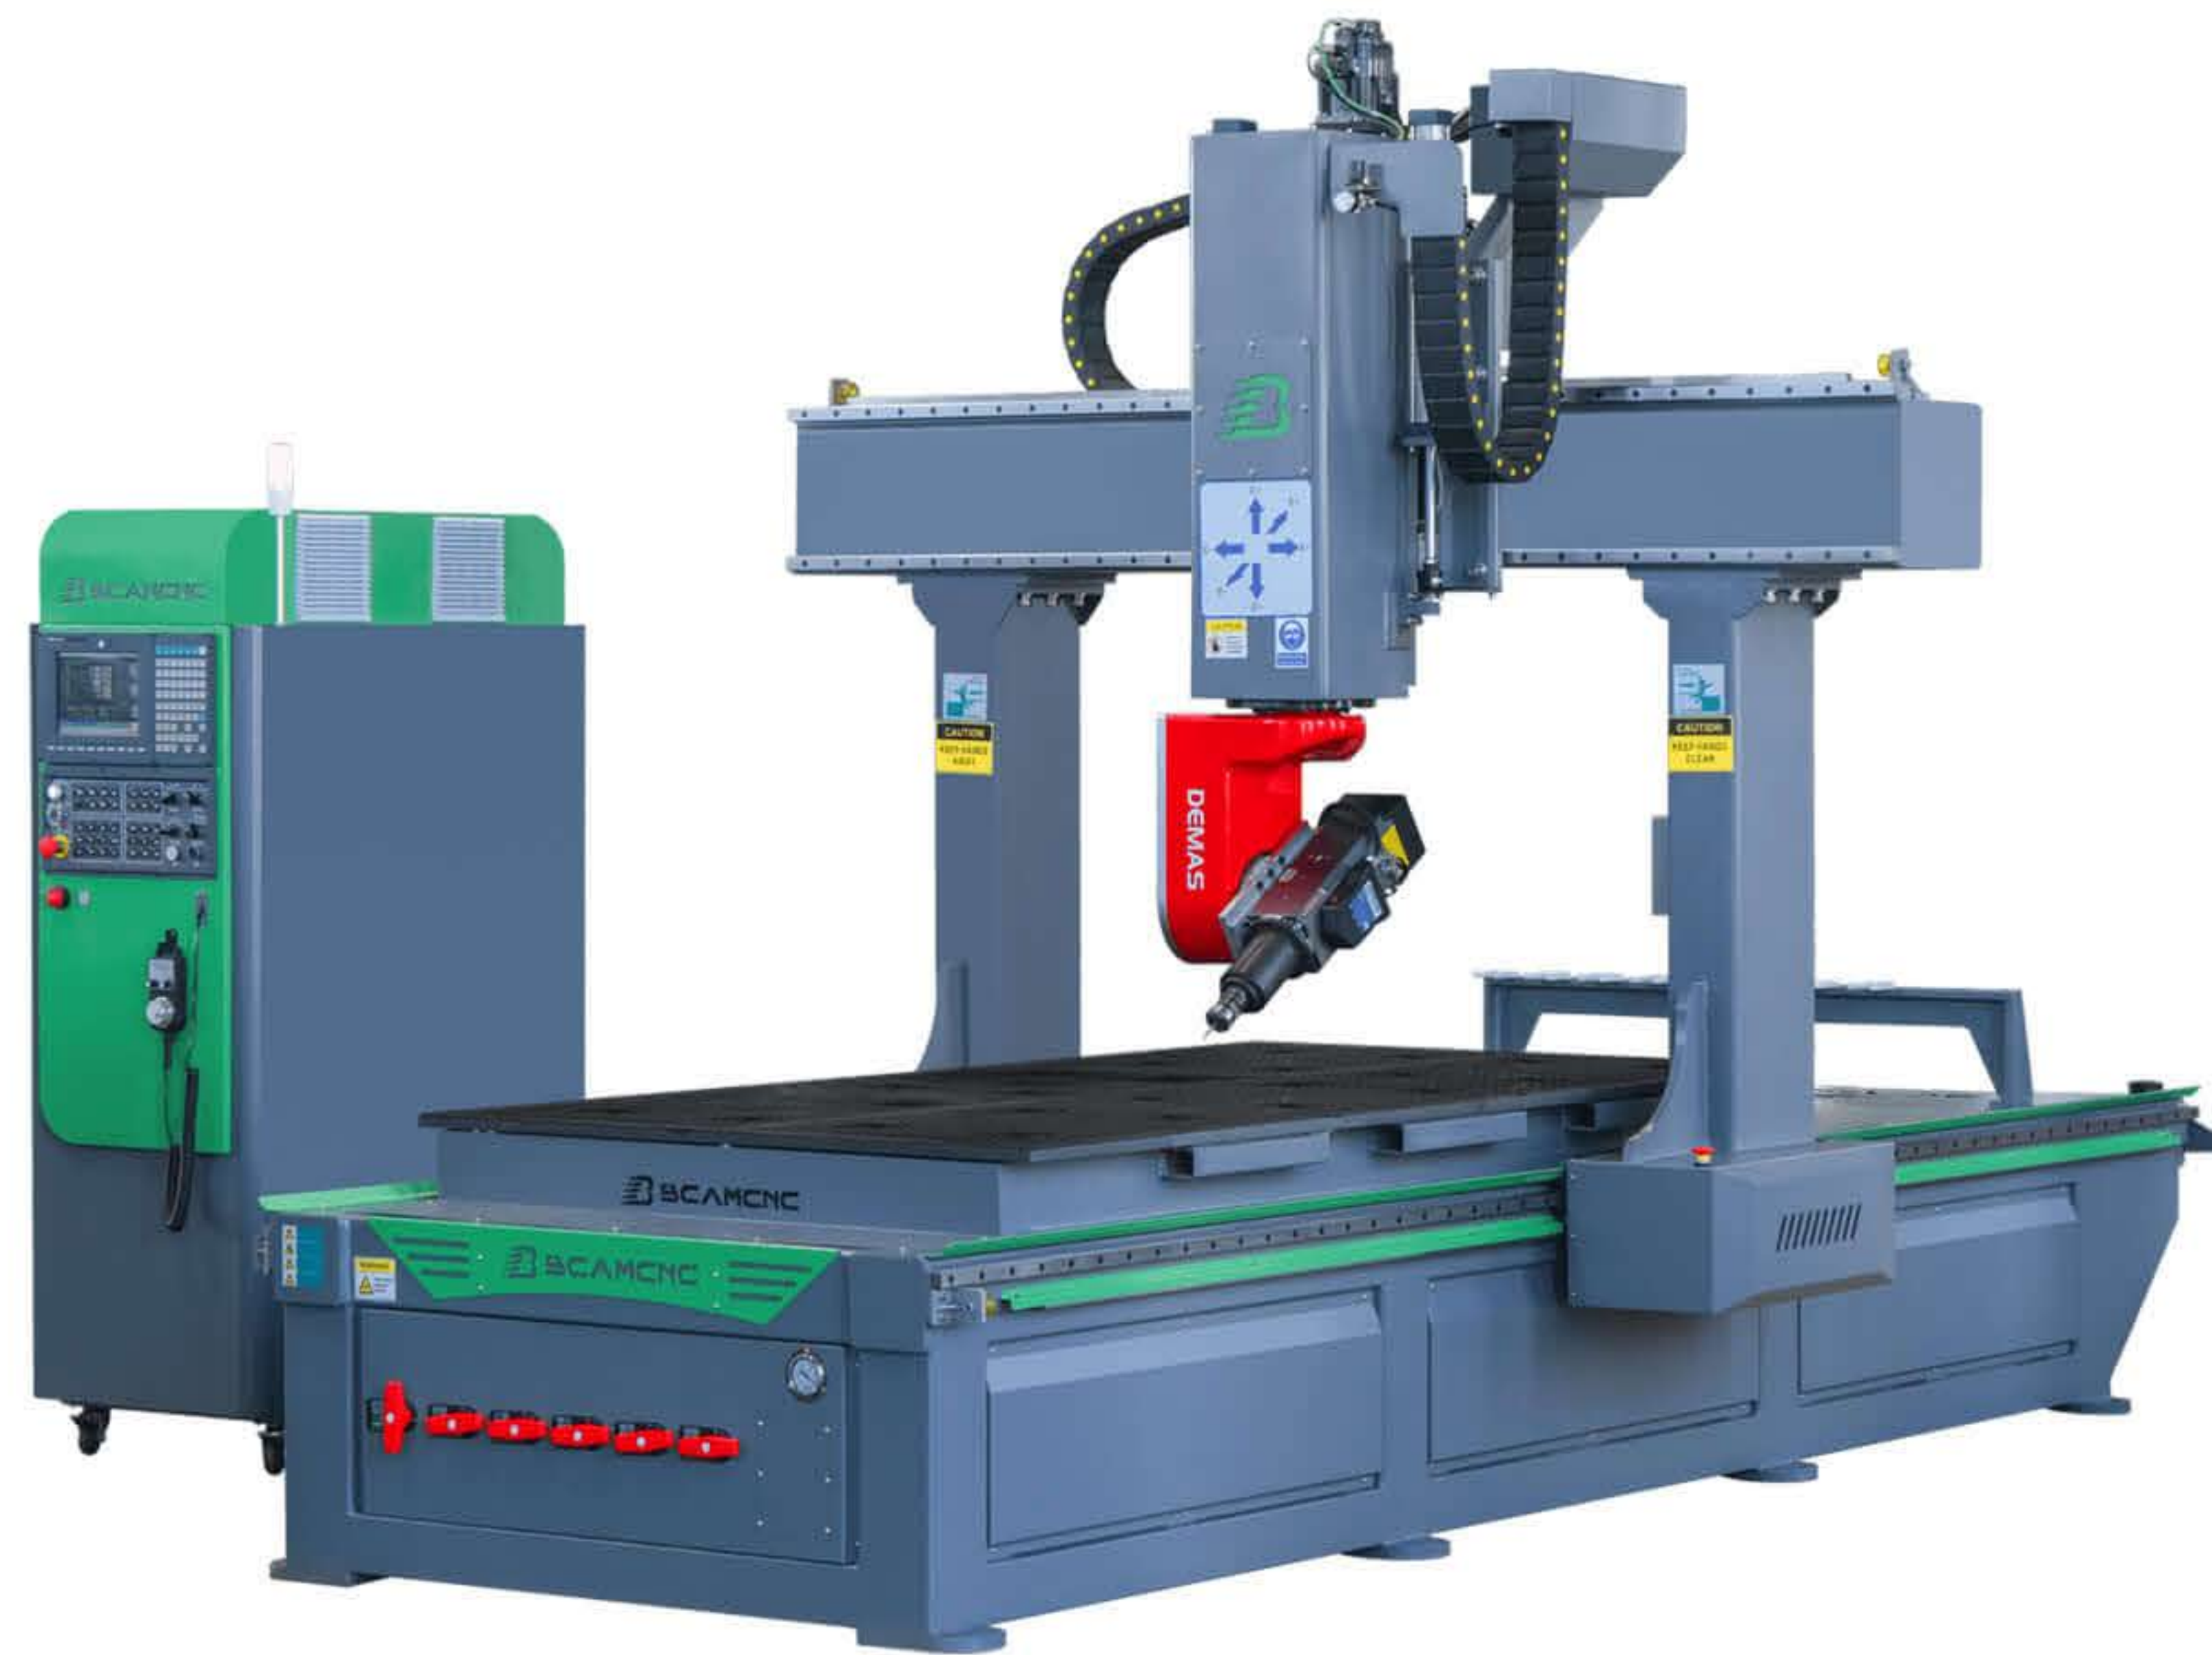

■ European design concept and quality German technology

■ Qualification and honor

The laser machine equipment has passed
CE/PDA/ISO9001/BV/SGS/TUV and other
international certifications

CNC ROUTER

BCM1325CE-5Axis

CE-5AXIS

Technical Parameters

Travel Speed: 15m/min

Processing Speed: 8m/min (Calculated for a material of 8m foam)

Positioning Accuracy: 0.08mm

Repeatability: $\pm 0.05\text{mm}/1000\text{mm}$

CNC ROUTER

BCM1325D-5Axis(Single table)

D-5AXIS(Single table)

Technical Parameters

Travel Speed: 20m/min

Processing Speed: 10m/min (Calculated for a material of 8m foam)

Positioning Accuracy: 0.05mm

Repeatability: $\pm 0.05\text{mm}/1000\text{mm}$

CNC ROUTER

BCM1325D-5Axis(Double table)

D-5AXIS(Double table)

Technical Parameters

Travel Speed: 20m/min

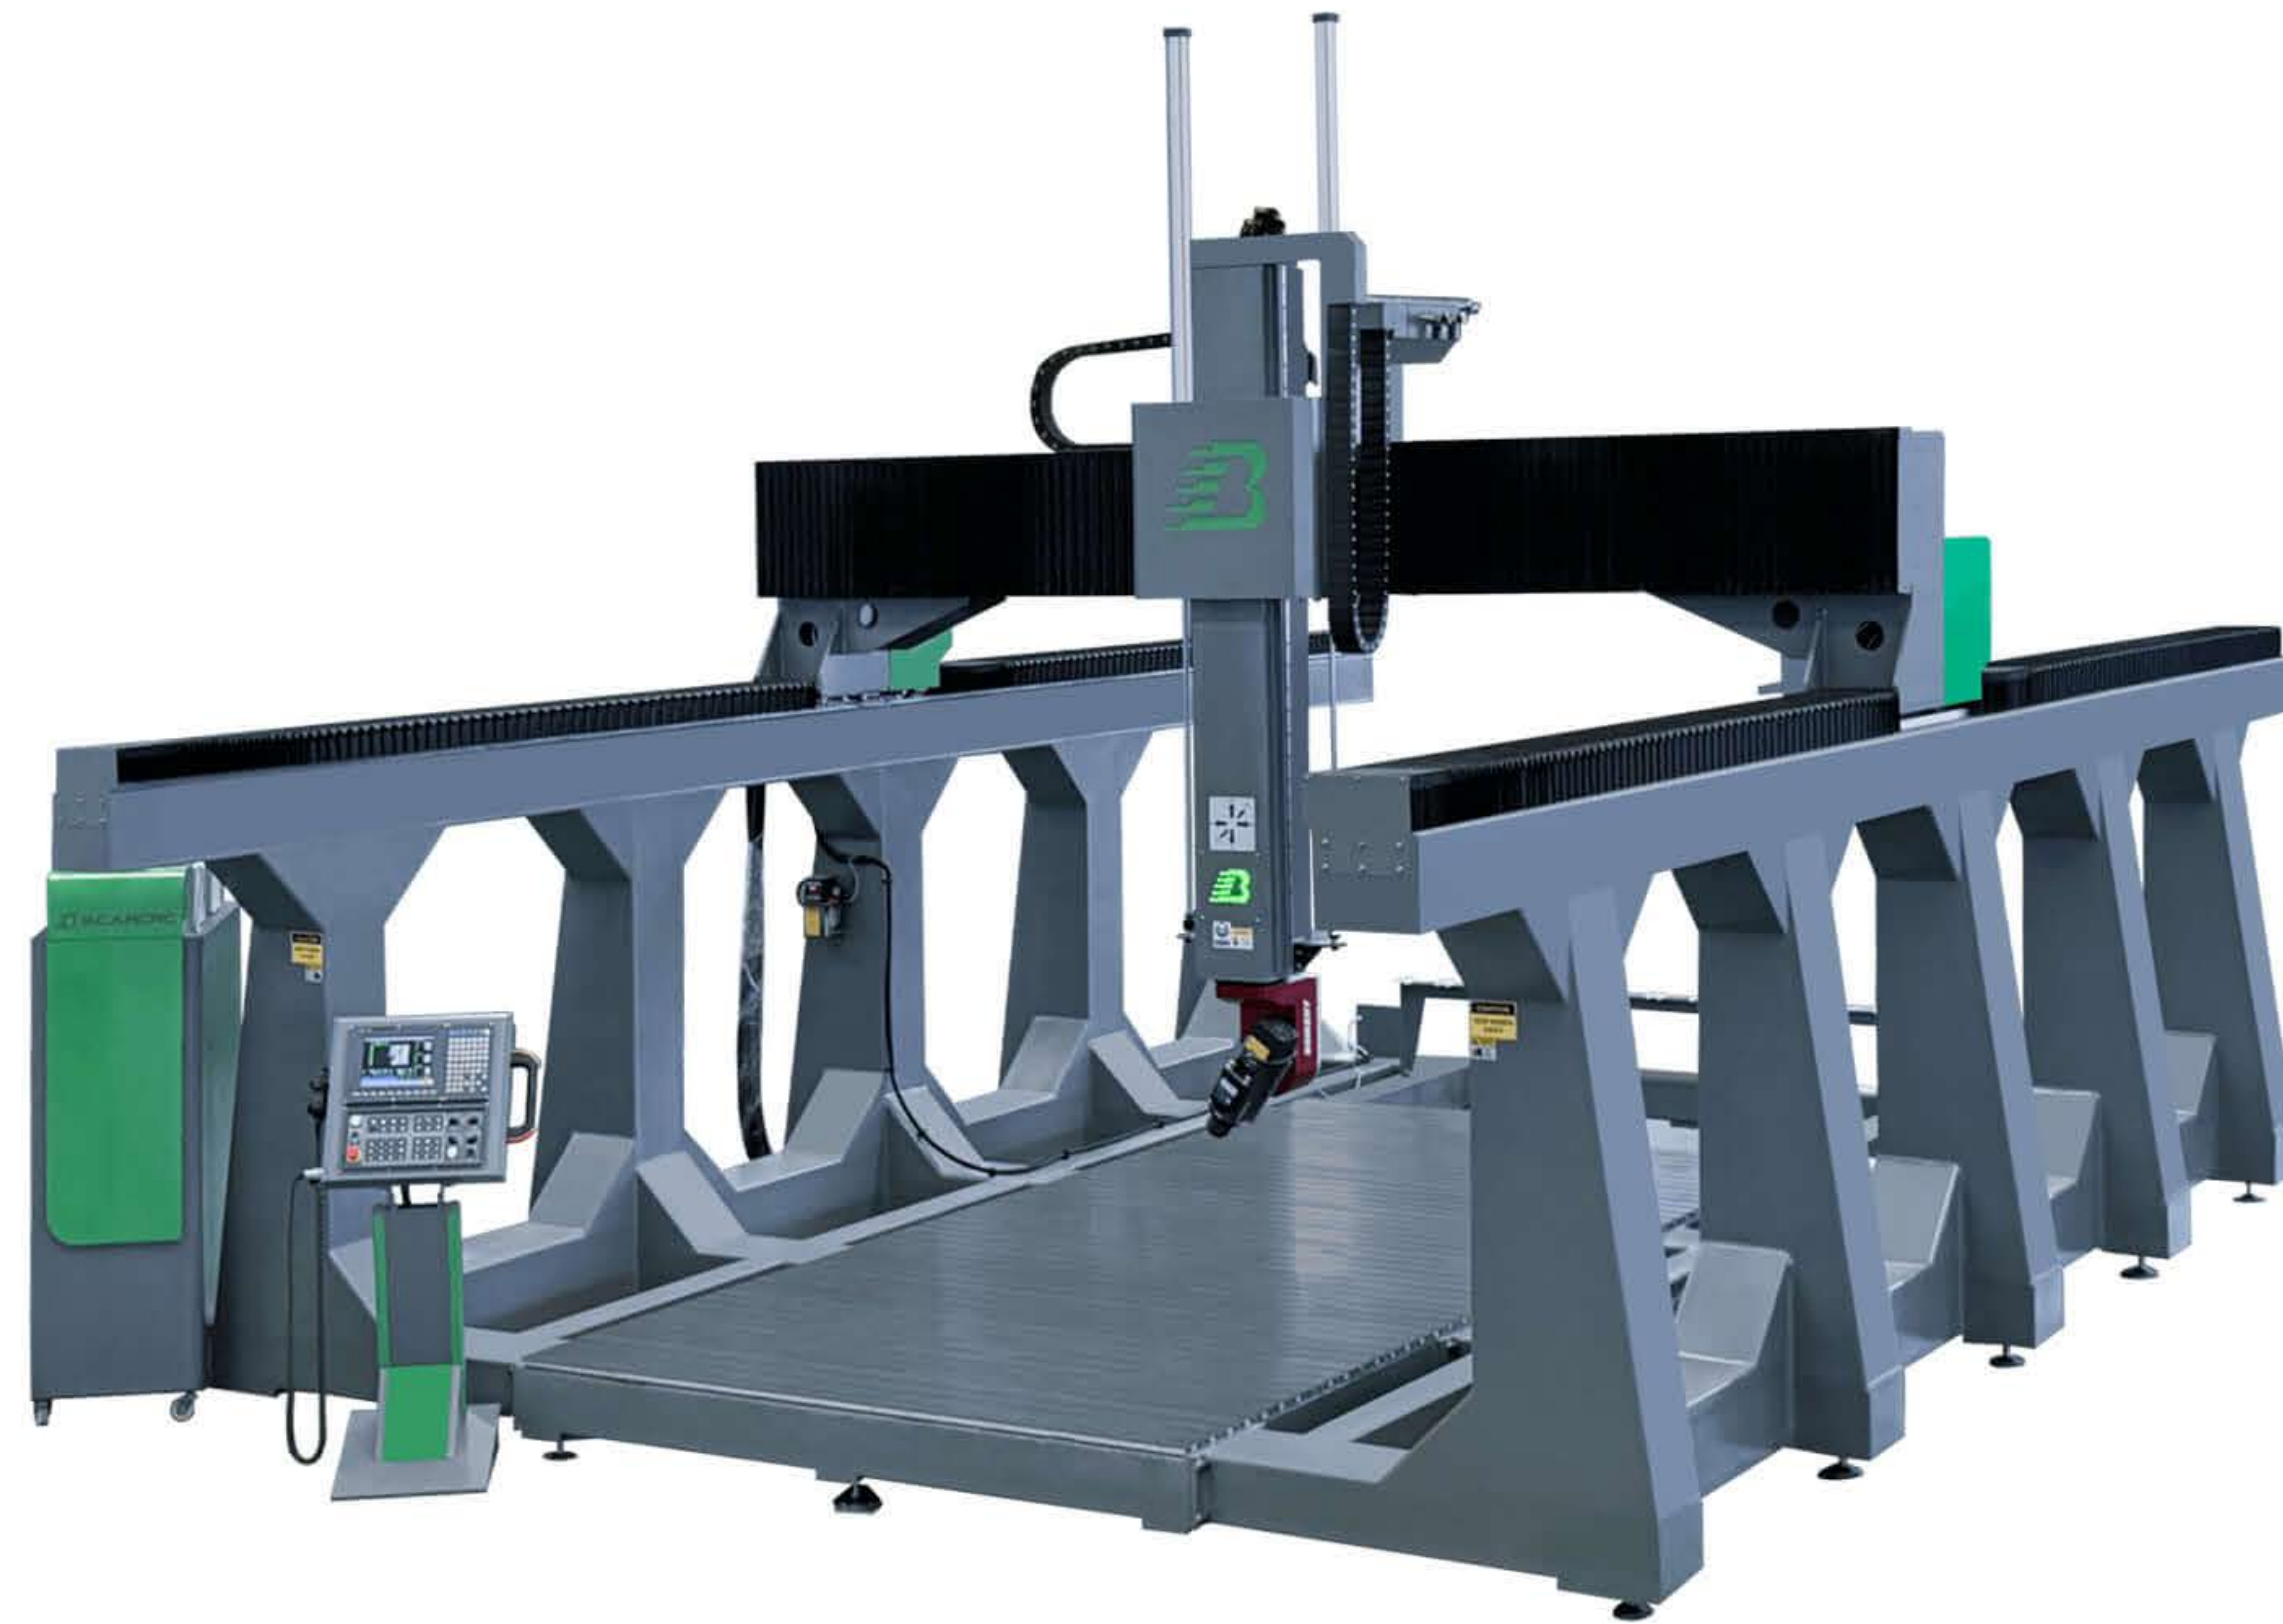

Processing Speed: 10m/min (Calculated for a material of 8m foam)

Positioning Accuracy: 0.05mm

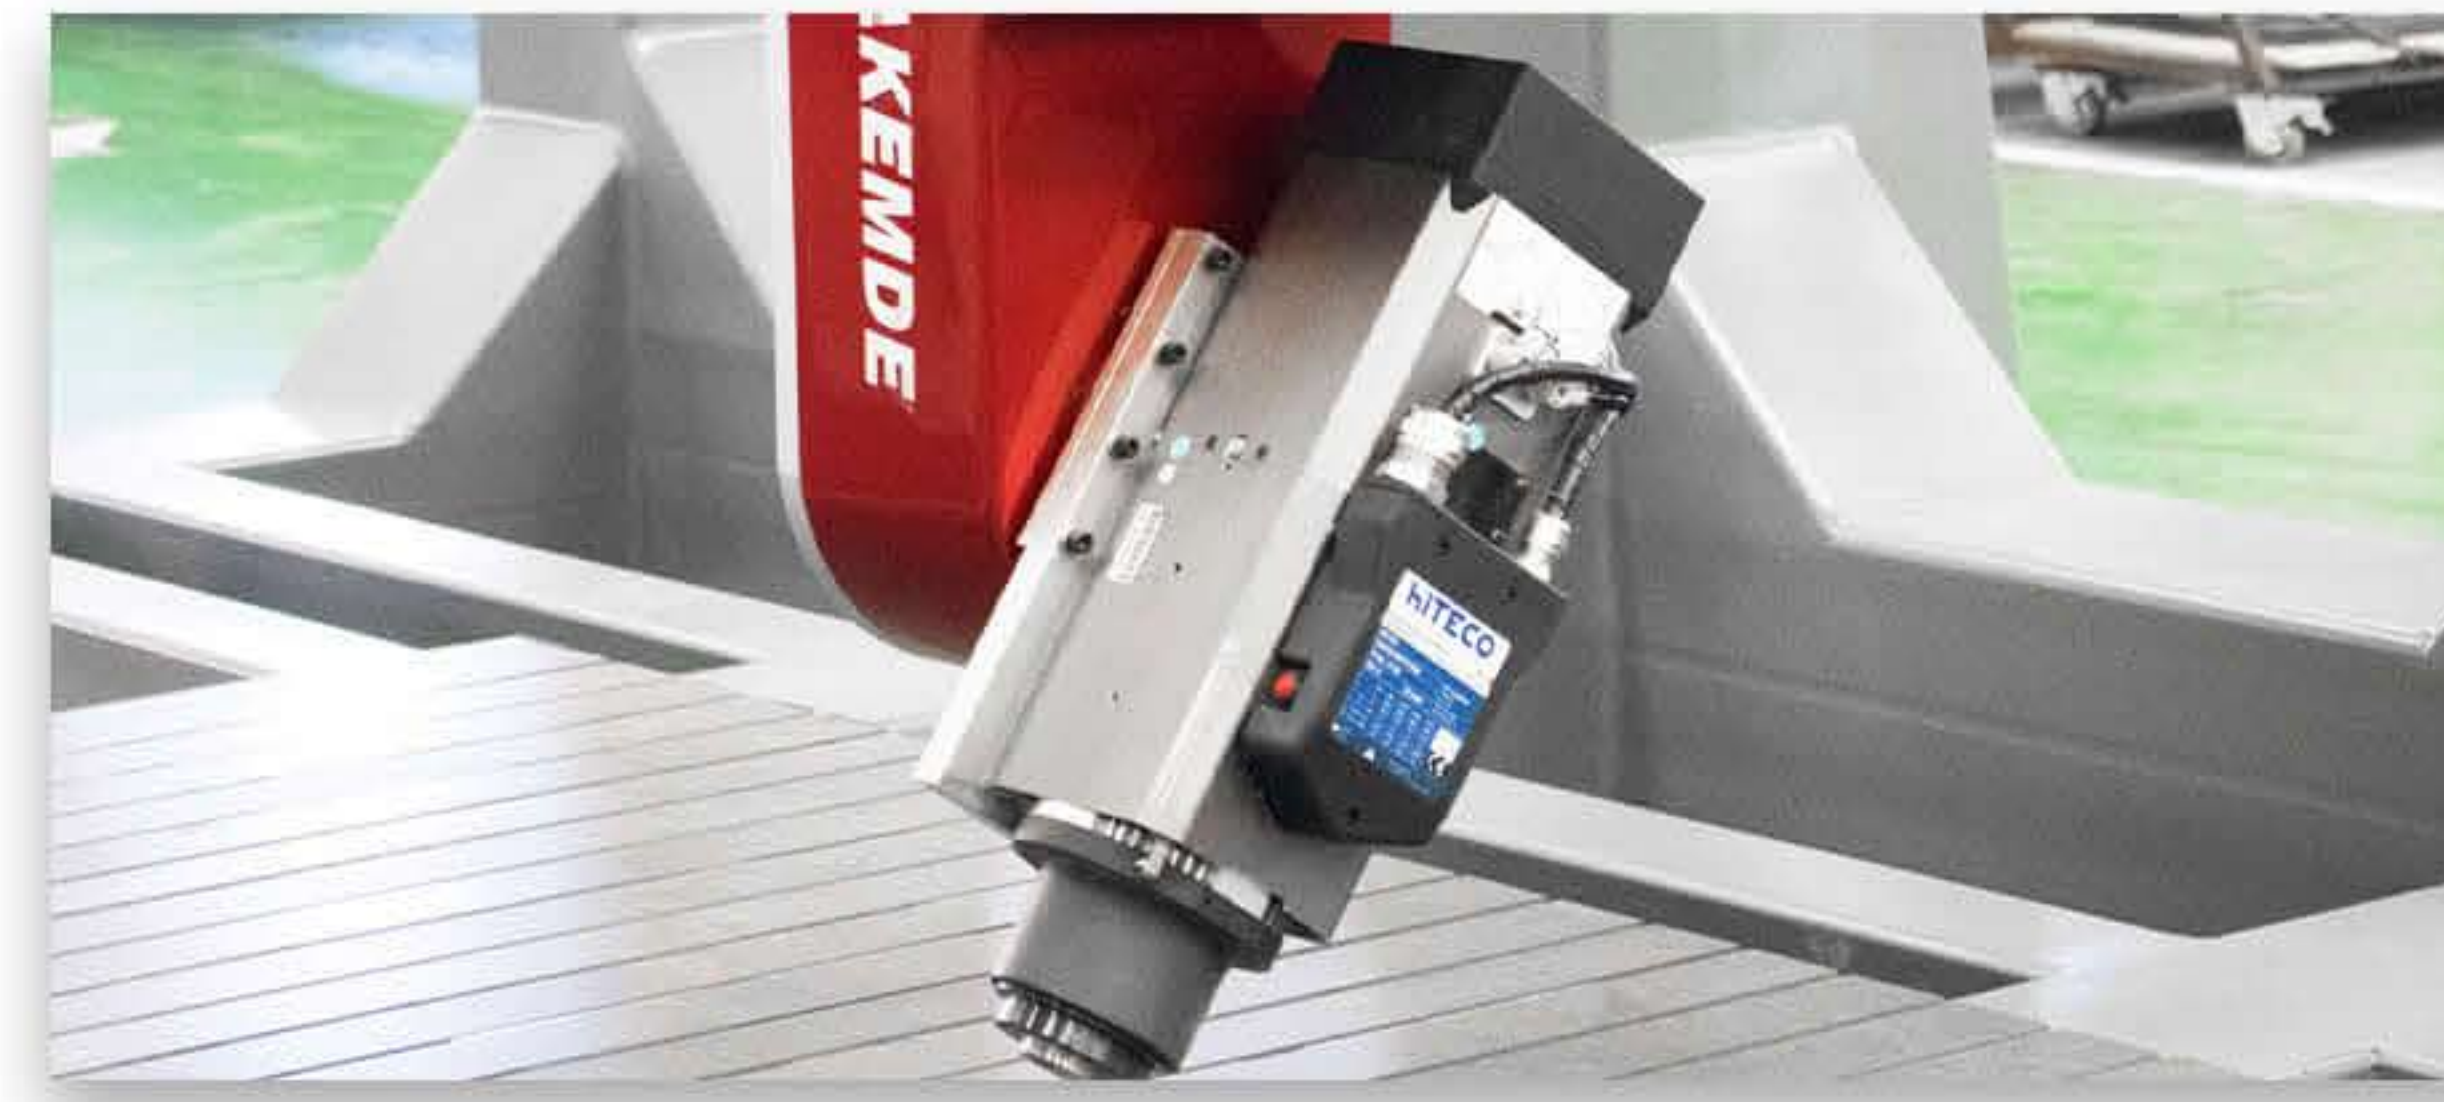

Repeatability: $\pm 0.05\text{mm}/1000\text{mm}$

CNC ROUTER

BCM2550DL-5Axis

DL-5AXIS

Technical Parameters

Travel Speed: 40m/min

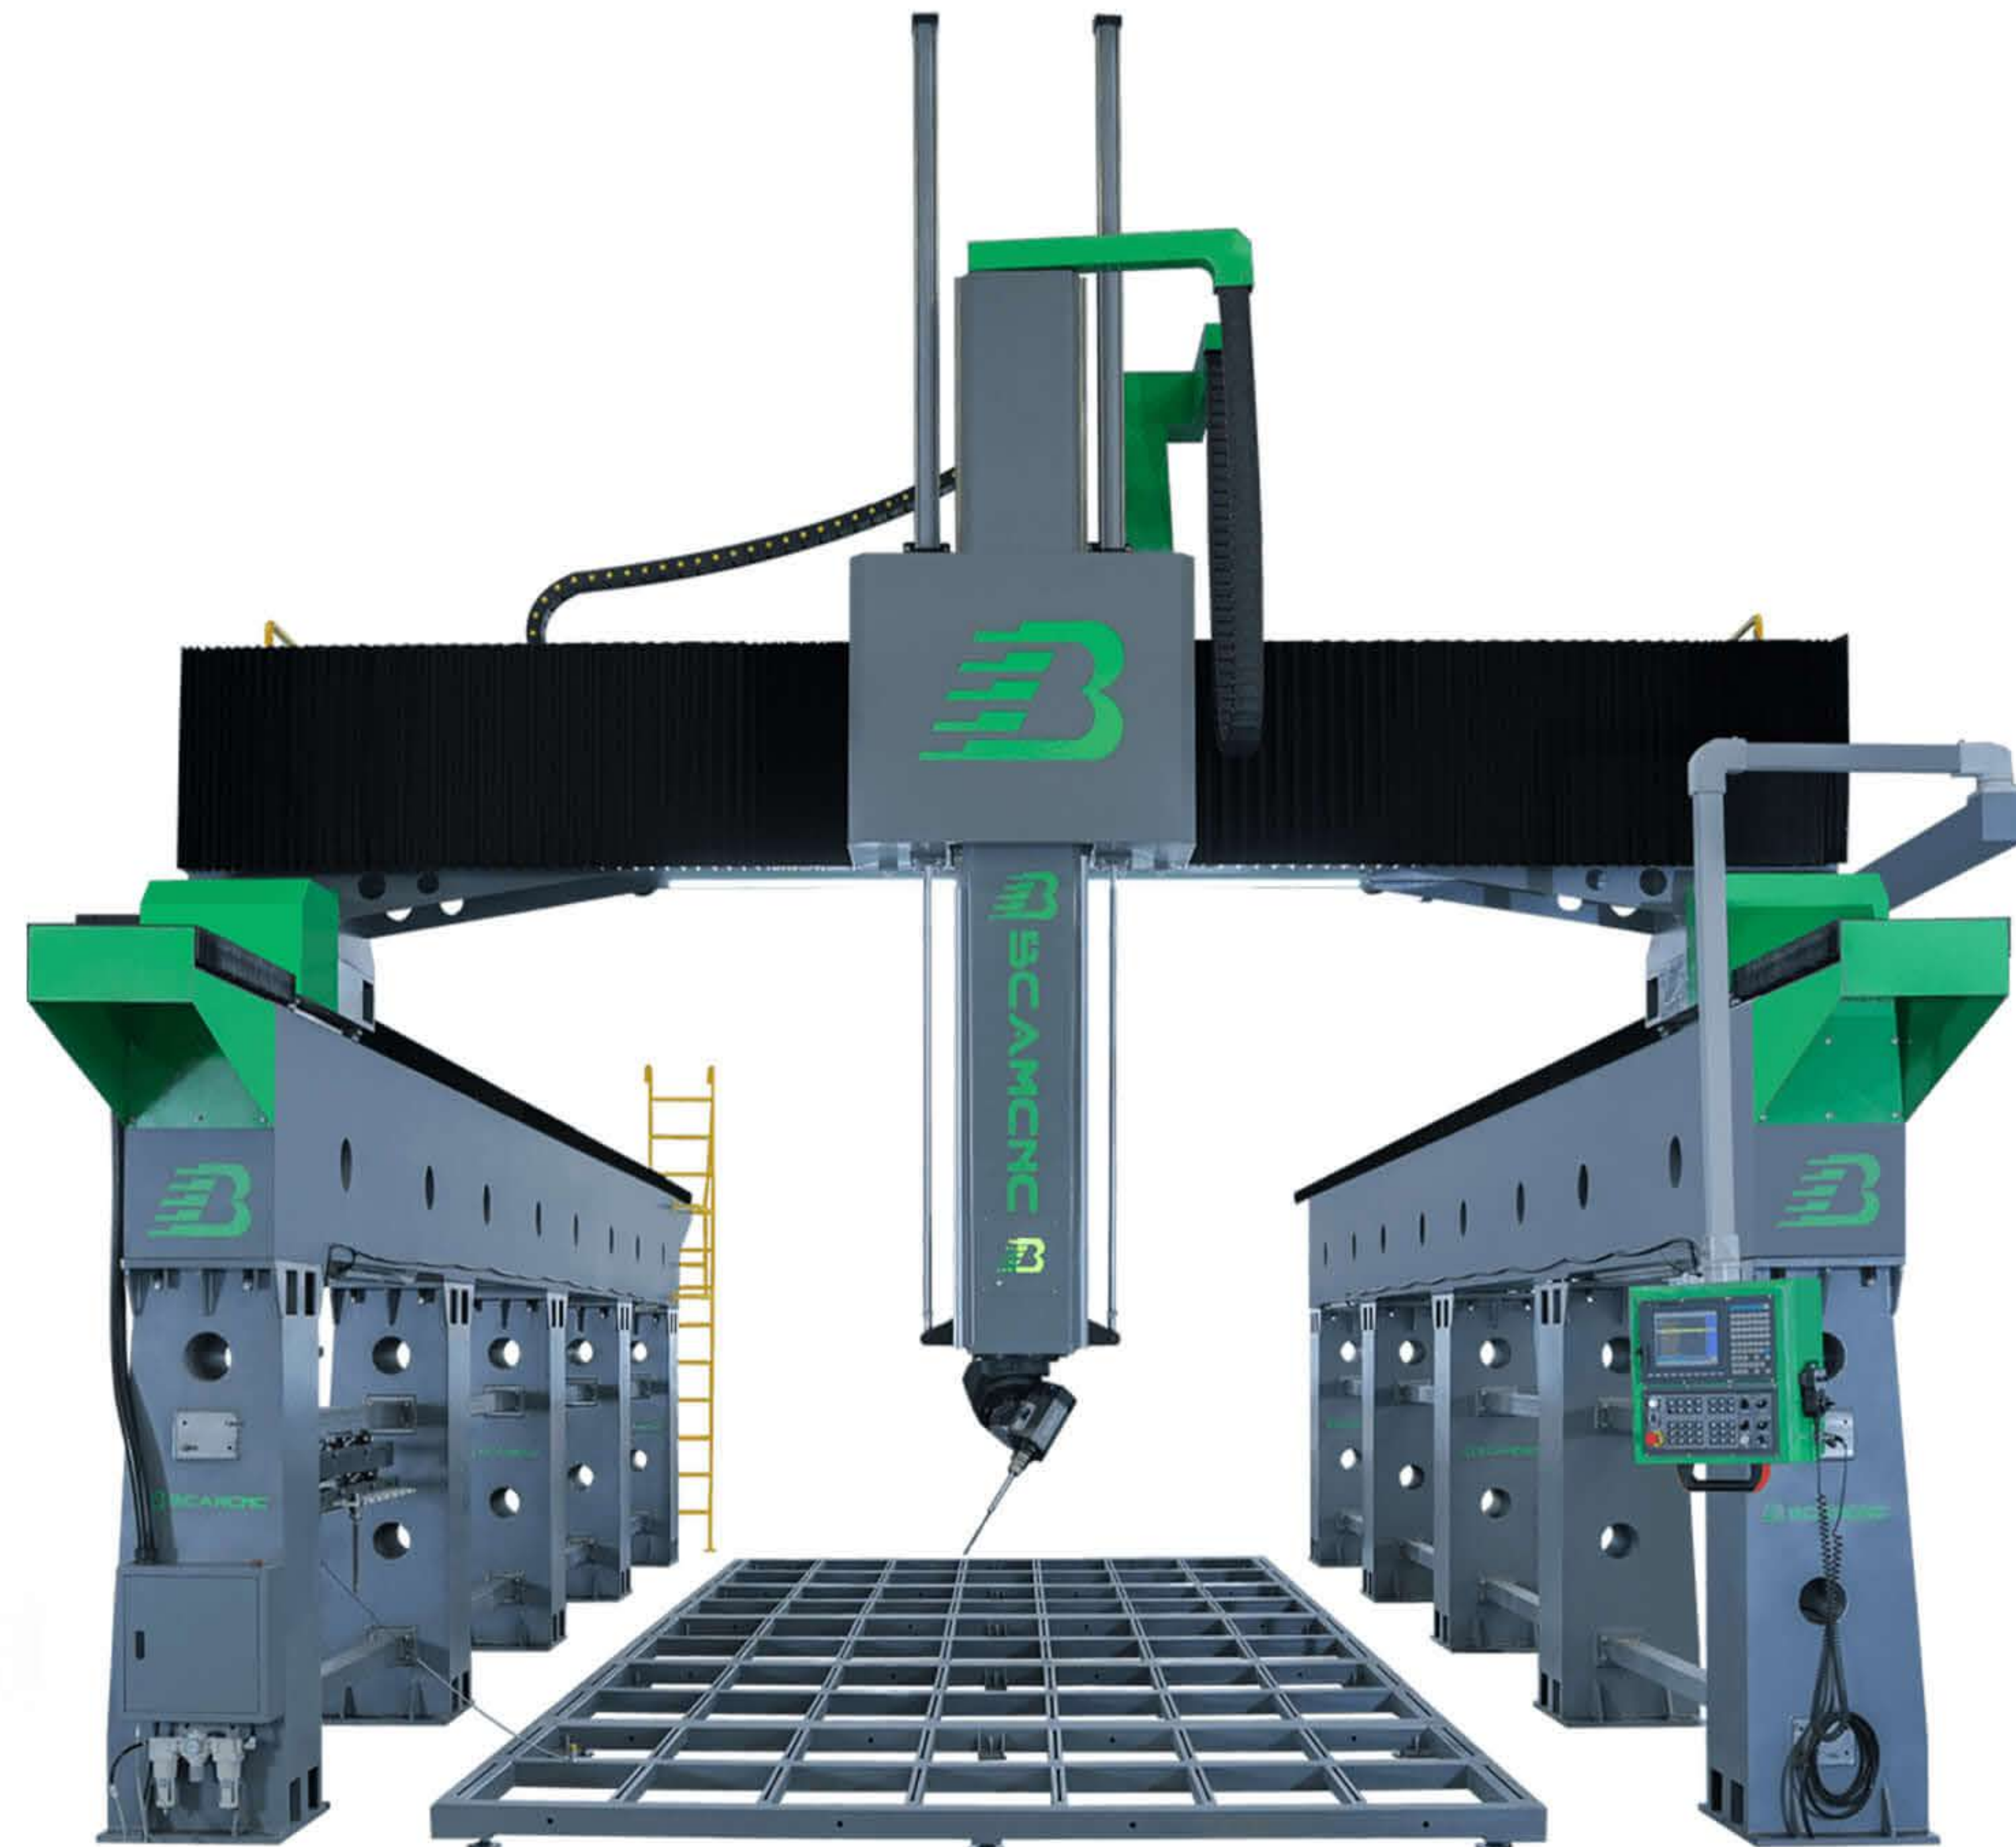

Processing Speed: 15m/min (Calculated for a material of 15m foam)

Positioning Accuracy: 0.36mm (Machine Table Surface Less Than 2m x 5m)

Repeatability: $\pm 0.08\text{mm}/1000\text{mm}$

CNC ROUTER

BCM40100DL-5Axis

DL-5AXIS

Technical Parameters

Travel Speed: 40m/min

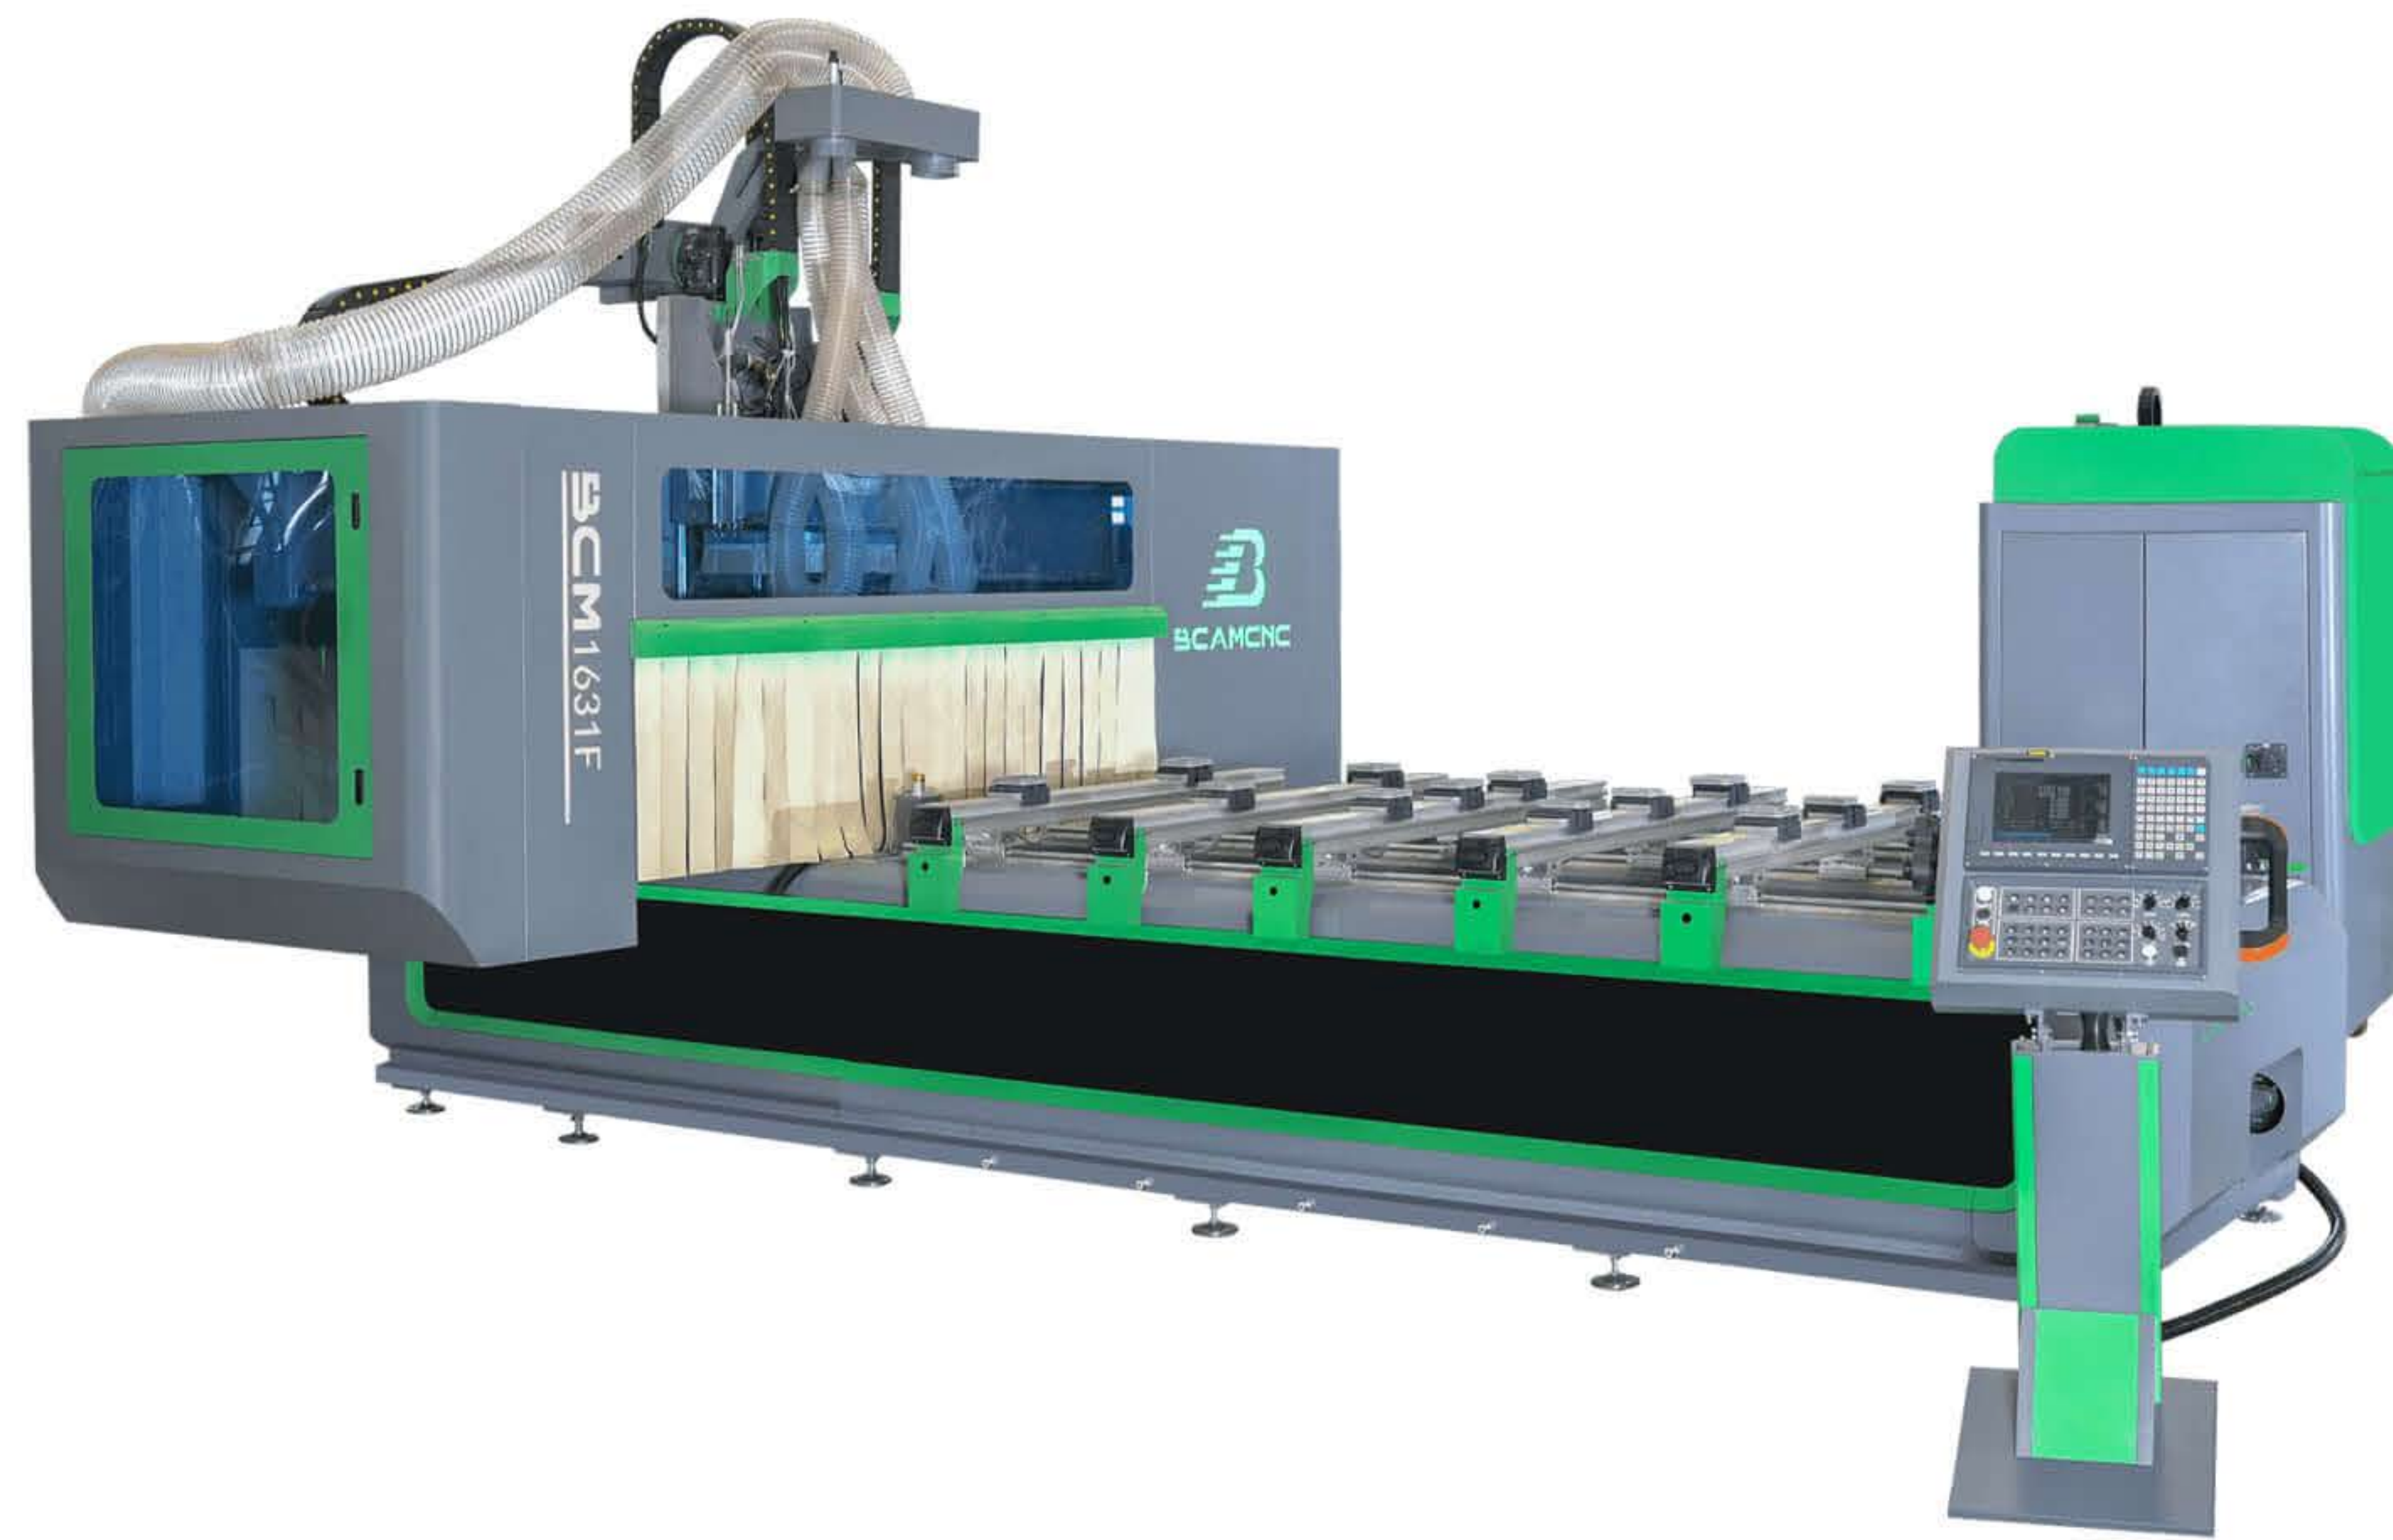

Processing Speed: 15m/min (Calculated for a material of 15m foam)

Positioning Accuracy: 0.36mm (Machine Table Surface Less Than 2m x 5m)

Repeatability: $\pm 0.08\text{mm}/1000\text{mm}$

CNC ROUTER

BCM1631F-5Axis

F-5AXIS

Technical Parameters

Travel Speed: 30m/min

Processing Speed: 12m/min (Calculated for a material of 8m foam)

Positioning Accuracy: 0.05mm

Repeatability: $\pm 0.03\text{mm}/1000\text{mm}$

► AFTER-SALES AND SERVICE

Pre-Sale Service

Make scientific and accurate recommendations according to customers' needs, and present customers with real corporate internships and machine information.

LN-Sale Service

From purchase order to installation and use, we provide customers with comprehensive and thoughtful services, including: order delivery consultation/ equipment water and electricity planning/ full installation guidance/ machine operation guide and training.

After-Sales Service

24 hours online service, regional door-to-door service, the first time to solve customer faults and problems, senior engineers provide professional training guidance, including: software operation/ operation process/ safety protection/ use specifications/ cutting training, etc.
